

Gallery 5 (G5) image list

Context anatomic gallery

Legend

- Notation “C--Cg” or “C--Cl--C” denotes multiplicity of C
- Notation “first—last—last_but_one” denotes the context image sequence instance starting at “first” and ending at “last” with the intermediate tissue classes/sub-classes determined recursively by the preceding instances

Brainstem – Deep nuclei – Ventricles – Left cerebrum ((C--C,Cl,L); 1V(R)): 4 instances, 8 images
